How to create an account, login, and register as a non-member

Non-members can register online for a limited number of programs (CRP, First Aid, Youth Overnight, etc.), but first they have to create an account.

1. Go to www.countrysideymca.org
2. If you access the site from a desktop or laptop, click on the MY ACCOUNT tab in top right corner of the Home Page.

   If you access the site from a phone, click on the three bars to the left of the logo to see the menu and select MY ACCOUNT at the bottom of that list.

3. Click on the blue CREATE ACCOUNT tab in the lower right corner of the login popup.
4. Fill in the information for the first person in your account. This person must be an adult.
5. Fill in information for additional family members. Click the blue "Finish and Login" button.
6. Login to your new account using the email and password combination that you just created for your new account. Once you are logged in, you can register for classes that include pricing for non-members by following these steps:
7. Go to the Search All Programs (Under the Activities and More Tab).
8. Put in the search criteria and hit SEARCH.
9. Scroll through the results to find your class and click on REGISTER NOW.
10. You will see a list of the family members who are on your account. Any person with a 🚫 is not eligible to register for that program (likely due to age restrictions or the fact that you are not a YMCA member).
11. Click on the name(s) to select the person(s) for registration (the name box will turn blue) and then hit the green CONTINUE button.
12. You'll see your cart, with the class you registered for.
13. From here you can continue shopping, donate, join as a program member, or continue registration.
14. If you continue registration, you will fill in details for the billing address and a credit card.
15. Click on PAY.
