BUILDING CONNECTIONS

Development of meaningful relationships where every member carries a significant sense of belonging.

BUILDING SPIRIT, MIND AND BODY:

Utilize a holistic approach in program development to nourish and sustain a healthy spirit, mind and body for our members and citizens throughout our service area.

BUILDING FAMILY:

Create an environment which enables families to build children of character.

Dear Volunteer,

Hi, I am Mike Carroll the President/CEO of Countryside YMCA, and I want to first thank you for sharing with us one of your most valuable possessions, your time. You are now part of our team as a Countryside YMCA Volunteer and we are excited to have you as part of our Vision to be a Leader in creating community that Builds Better People. Part of that Vision is to have 2020 Countryside volunteers in the year 2020.

We hope that your volunteer time with us is fulfilling for both you, the YMCA members that you come in contact with in this valued service. Again thank you for assisting with your time and talents. Without you we could not meet the needs of our community and touch lives in so many marvelous ways.

Mike Carroll
President/CEO, Ralph J. Stolle Countryside YMCA
